What Professional Services Firms are saying about Exgis Expense

Ask me why I love my BlackBerry?
For expense tracking...

“Exgis takes the monthly chore of typing in expense reports from a crumpled pile of receipts to a simple entry process as the expense is incurred.”

D. Hancock – VP Sales

“On the fly, real time expense tracking via your BlackBerry means you never miss an expense and it greatly simplifies the month-end crunches to get expenses into accounting.”

M. Whitten – Partner

- Improved tracking of business and travel expenses
- Faster turnaround times
- Increased productivity
- Reduced administration time
- Access to current information
- Greater accuracy
- Lower transaction and processing costs
- Reduced exposure from faster billing cycle
